RESOLUTION NO. PZ/LPA Z 2023-03

A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF WHITE SPRINGS, FLORIDA, SERVING AS THE PLANNING AND ZONING BOARD OF THE TOWN OF WHITE SPRINGS, FLORIDA, AND THE LOCAL PLANNING AGENCY OF THE TOWN OF WHITE SPRINGS, FLORIDA; RECOMMENDING TO THE TOWN COUNCIL OF THE TOWN OF WHITE SPRINGS, FLORIDA, APPROVAL OF THE REZONING TO THE OFFICIAL ZONING ATLAS OF THE TOWN OF WHITE SPRINGS LAND DEVELOPMENT REGULATIONS, AS AMENDED, PURSUANT TO AN APPLICATION BY THE PROPERTY OWNER OF SAID ACREAGE; PROVIDING FOR REZONING FROM AGRICULTURE ("AG") TO COMMERCIAL, GENERAL ("CG") OF CERTAIN LANDS WITHIN THE TOWN OF WHITE SPRINGS, FLORIDA; REPEALING ALL RESOLUTIONS IN CONFLICT; AND PROVIDING AN EFFECTIVE DATE

WHEREAS, the Town of White Springs Land Development Regulations, as amended, hereinafter referred to as the Land Development Regulations, empowers the Planning and Zoning Board of the Town of White Springs, Florida, hereinafter referred to as the Planning and Zoning Board, to recommend to the Town Council of the Town of White Springs, Florida, hereinafter referred to as the Town Council, approval or denial of amendments to the Town of White Springs Land Development Regulations, hereinafter referred to as the Land Development Regulations, hereinafter referred to as the Land Development Regulations, hereinafter referred to as the Land Development Regulations, in accordance with said regulations;

WHEREAS, Sections 163.3161 through 163.3248, Florida Statutes, as amended, the Community Planning Act, empowers the Local Planning Agency of the Town of White Springs, Florida, hereinafter referred to as the Local Planning Agency, to recommend to the Town Council, approval or denial of amendments to the Land Development Regulations, in accordance with said statute;

WHEREAS, an application for an amendment, as described below, has been filed with the Town;

WHEREAS, the Town Council has been designated as the Planning and Zoning Board;

WHEREAS, the Town Council has been designated as the Local Planning Agency;

WHEREAS, pursuant to the Land Development Regulations and Section 163.3174, Florida Statutes, as amended, the Town Council, serving as the Planning and Zoning Board and the Local Planning Agency, held the required public hearing, with public notice, on said application for an amendment, as described below, and considered all comments received during said public hearing and the Concurrency Management Assessment concerning said application for an amendment, as described below;

WHEREAS, the Town Council, serving as the Planning and Zoning Board and the Local Planning Agency, has determined and found that approval of said application for an amendment, as described below, would promote the public health, safety, morals, order, comfort, convenience, appearance, prosperity, or general welfare.

WHEREAS, the Town Council, serving as the Planning and Zoning Board and the Local Planning Agency, has studied and considered the items enumerated in Section 16.2.2 of the Land Development Regulations and based upon said study and consideration has determined and found that:

- 1. Whether the proposed change would be in conformance with the Town's Comprehensive Plan and would have an adverse effect on the Town's Comprehensive Plan.
- 2. The existing land use pattern.
- 3. Possible creation of an isolated district unrelated to adjacent and nearby districts.

- 4. The population density pattern and possible increase or overtaxing of the load on public facilities such as schools, utilities, streets, etc.
- 5. Whether existing district boundaries are illogically drawn in relation to existing conditions on the property proposed for change.
- 6. Whether changed or changing conditions make the passage of the proposed amendment necessary.
- 7. Whether the proposed change will adversely influence living conditions in the neighborhood.
- 8. Whether the proposed change will create or excessively increase traffic congestion or otherwise affect public safety.
- 9. Whether the proposed change will create a drainage problem.
- 10. Whether the proposed change will seriously reduce light and air to adjacent areas.
- 11. Whether the proposed change will adversely affect property values in the adjacent area.
- 12. Whether the proposed change will be a deterrent to the improvement or development of adjacent property in accord with existing regulations.
- 13. Whether the proposed change will constitute a grant of special privilege to an individual owner as contrasted with the public welfare.
- 14. Whether there are substantial reasons why the property cannot be used in accord with existing zoning.
- 15. Whether the change suggested is out of scale with the needs of the neighborhood or the Town.
- 16. Whether it is impossible to find other adequate sites in the Town for the proposed use in districts already permitting such use.

NOW, THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE TOWN OF WHITE SPRINGS, FLORIDA, SERVING AS THE PLANNING AND ZONING BOARD OF THE TOWN OF WHITE SPRINGS, FLORIDA, AND THE LOCAL PLANNING AGENCY OF THE TOWN OF WHITE SPRINGS, FLORIDA, THAT:

<u>Section 1</u>. Pursuant to an application, Z 2023-03, by North Florida Professional Services, Inc., agent for BBL Management Services, Inc., owners, to amend the Official Zoning Atlas of the Land Development Regulations by amending the zoning district of certain lands, the Town Council, serving as the Planning and Zoning Board and the Local Planning Agency, recommends to the Town Council that the zoning district be amended from AGRICULTURE ("AG") to COMMERCIAL, GENERAL ("CG") for the property described, as follows:

A tract of land in Section 1 and 12, Township 2 South, Range 15 East, Hamilton County, Florida, being more particularly described as follows: COMMENCE at the NW corner of Government Lot 1 of said Section 12; thence run North 88°37'37" East, a distance of 15.00 feet to a point on the East right-of-way line of Jackson Street, a county graded road; thence North 00°37'02" West along said East right-of-way line of Jackson Street, a distance of 2312.02 feet to the Southwesterly right of way line of U.S. Highway 41; thence South 49°17'45" East along said Southwesterly right of way line, a distance of 951.16 feet; thence South 40°43'56" West, a distance of 110.24 feet; thence South 49°13'46" East, a distance of 175.26 feet; thence South 09°59'26" East, a distance of 136.37 feet; thence South 01°21'12" East, a distance of 499.84 feet to the POINT OF BEGINNING; thence North 87°33'31" East, a distance of 452.29 feet to the West right of way line of U.S. Highway 41; thence South 01°16'32" East, along said West right of way line of U.S. Highway 41, a distance of 1231.14 feet to a point of curvature of a curve concave to the West, having a radius of 22885.30 feet and a central angle of 00°38'21"; thence Southerly along said curve and right of way an arc

distance of 255.31 feet, said arc having a chord bearing of South 00°47'45" East and a chord distance of 255.31 feet; thence South 88°43'58" West, a distance of 447.00 feet; thence North 01°23'39" West, a distance of 1477.18 feet to the POINT OF BEGINNING.

Containing 15.33 acres, more or less.

Tax Parcel Number 8031-000 and A Portion of Tax Parcel Numbers 8006-000 and 8009-000

<u>Section 2</u>. All resolutions or portions of resolutions in conflict with this resolution are hereby repealed to the extent of such conflict.

<u>Section 3</u>. This resolution shall become effective upon adoption.

PASSED AND DULY ADOPTED, in regular session with a quorum present and voting, by the Town Council, serving as the Planning and Zoning Board and the Local Planning Agency, this 13th day of June 2023.

TOWN COUNCIL OF THE TOWN OF WHITE SPRINGS, FLORIDA, SERVING AS THE PLANNING AND ZONING BOARD OF THE TOWN OF WHITE SPRINGS, FLORIDA, AND THE LOCAL PLANNING AGENCY OF THE TOWN OF WHITE SPRINGS, FLORIDA

Attest:

Audre' Ruise City Clerk Anita Rivers Mayor

ORDINANCE NO. 23-10

AN ORDINANCE OF THE TOWN OF WHITE SPRING, FLORIDA, AMENDING ORDINANCE 98-1, TOWN OF WHITE SPRINGS LAND DEVELOPMENT REGULATIONS, AS AMENDED; RELATING TO AN AMENDMENT TO THE OFFICIAL ZONING ATLAS OF THE TOWN OF WHITE SPRINGS LAND DEVELOPMENT REGULATIONS, PURSUANT TO APPLICATION Z 2023-03, BY THE PROPERTY OWNER OF SAID ACREAGE; PROVIDING FOR REZONING FROM AGRICULTURE ("AG") TO COMMERCIAL, GENERAL ("CG") OF CERTAIN LANDS WITHIN THE INCORPORATED LIMITS OF THE TOWN OF WHITE SPRINGS, FLORIDA; PROVIDING SEVERABILITY; REPEALING ALL ORDINANCES IN CONFLICT; AND PROVIDING AN EFFECTIVE DATE

WHEREAS, Section 166.021, Florida Statutes, as amended, empowers the Town Council of the Town of White Springs, Florida, hereinafter referred to as the Town Council, to prepare and adopt land development regulations;

WHEREAS, Sections 163.3161 through 163.3248, Florida Statutes, as amended, the Community Planning Act, requires the Town Council to prepare and adopt regulations concerning the use of land and water;

WHEREAS, an application for an amendment, as described below, has been filed with the Town;

WHEREAS, the Town Council has been designated as the Planning and Zoning Board of the Town of White Springs, Florida, hereinafter referred to as the Planning and Zoning Board;

WHEREAS, the Town Council has been designated as the Local Planning Agency of the Town of White Springs, Florida, hereinafter referred to as the Local Planning Agency;

WHEREAS, pursuant to Section 163.3174, Florida Statutes, as amended, and the Land Development Regulations, the Town Council, serving as the Planning and Zoning Board, and the Local Planning Agency, held the required public hearing, with public notice having been provided, on said application for an amendment, as described below, and at said public hearing, the Town Council, serving as the Planning and Zoning Board, and the Local Planning Agency, reviewed and considered all comments received during said public hearing and the Concurrency Management Assessment concerning said application for an amendment, as described below, and recommended to the Town Council approval of said application for an amendment, as described below;

WHEREAS, pursuant to Section 166.021, Florida Statutes, as amended, the Town Council held the required public hearings, with public notice having been provided, on said application for an amendment, as described below, and at said public hearings, the Town Council reviewed and considered all comments received during the public hearings, including the recommendation of the Town Council serving as the Planning and Zoning Board, and the Local Planning Agency, and the Concurrency Management Assessment concerning said application for an amendment, as described below;

WHEREAS, the Town Council has determined and found that approval of said application for an amendment, as described below, would promote the public health, safety, morals, order, comfort, convenience, appearance, prosperity or general welfare. NOW, THEREFORE, BE IT ORDAINED BY THE TOWN COUNCIL OF THE TOWN OF WHITE SPRINGS, FLORIDA, AS FOLLOWS:

<u>Section 1</u>. Pursuant to an application, Z 2023-03, by North Florida Professional Services, Inc., agent for BBL Management Services, Inc., owner, to amend the Official Zoning Atlas of the Land Development Regulations by amending the zoning district of certain lands, the zoning district is hereby amended from AGRICULTURE ("AG") to COMMERCIAL, GENERAL ("CG") for the property described, as follows:

A tract of land in Section 1 and 12, Township 2 South, Range 15 East, Hamilton County, Florida, being more particularly described as follows: COMMENCE at the NW corner of Government Lot 1 of said Section 12; thence run North 88°37'37" East, a distance of 15.00 feet to a point on the East right-of-way line of Jackson Street, a county graded road; thence North 00°37'02" West along said East right-of-way line of Jackson Street, a distance of 2312.02 feet to the Southwesterly right of way line of U.S. Highway 41; thence South 49°17'45" East along said Southwesterly right of way line, a distance of 951.16 feet; thence South 40°43'56" West, a distance of 110.24 feet; thence South 49°13'46" East, a distance of 175.26 feet; thence South 09°59'26" East, a distance of 136.37 feet; thence South 01°21'12" East, a distance of 499.84 feet to the POINT OF BEGINNING; thence North 87°33'31" East, a distance of 452.29 feet to the West right of way line of U.S. Highway 41; thence South 01°16'32" East, along said West right of way line of U.S. Highway 41, a distance of 1231.14 feet to a point of curvature of a curve concave to the West, having a radius of 22885.30 feet and a central angle of 00°38'21"; thence Southerly along said curve and right of way an arc distance of 255.31 feet, said arc having a chord bearing of South 00°47'45" East and a chord distance of 255.31 feet; thence South 88°43'58" West, a distance of 447.00 feet; thence North 01°23'39" West, a distance of 1477.18 feet to the POINT OF BEGINNING.

Containing 15.33 acres, more or less.

Tax Parcel Number 8031-000 and A Portion of Tax Parcel Numbers 8006-000 and 8009-000

<u>Section 2</u>. Severability. If any provision or portion of this ordinance is declared by any court of competent jurisdiction to be void, unconstitutional or unenforceable, then all remaining provisions and portions of this ordinance shall remain in full force and effect.

<u>Section 3</u>. Conflict. All ordinances or portions of ordinances in conflict with this ordinance are hereby repealed to the extent of such conflict.

<u>Section 4</u>. Effective Date. Pursuant to Section 166.021. Florida Statutes, as amended, a certified copy of this ordinance shall be filed with the Florida Department of State by the Clerk of the Town of White Springs within ten (10) days after enactment by the Town of White Spring.

Further, the effective date of this plan amendment shall be thirty-one (31) days following the date of adoption of Ordinance 23-06. However, if any affected person files a petition with the Florida Division of Administrative Hearings pursuant to Section 120.57, Florida Statutes, as amended, to request a hearing to challenge the compliance of this plan amendment with Sections 163.3161 through 163.3248, Florida Statutes, as amended, within thirty (30) days following the date of adoption of this plan amendment, this plan amendment shall not become effective until the Florida Department of Economic Opportunity or the Florida Administration Commission, respectively, issues a final order determining this plan amendment is in compliance. No development orders, development permits or land uses dependent or this plan amendment may be issued or commence before it has become effective or a final order of noncompliance is issued, this plan amendment may nevertheless be made effective by adoption of a resolution affirming its effective status, a copy of which resolution shall be

sent to the Florida Department of Economic Opportunity, Division of Community Development, 107 East Madison Street, Caldwell Building, First Floor, Tallahassee, Florida 32399-6508.

<u>Section 5</u>. Authority. This ordinance is adopted pursuant to the authority granted by Section 166.021, Florida Statutes, as amended, and Sections 163.3161 through 163.3248, Florida Statutes, as amended.

PASSED ON FIRST READING, this 13th day of June 2023.

PASSED AND DULY ADOPTED, in regular session with a quorum present and voting, by the City Commission on final reading this 11th day of July 2023.

DATA ANALYSIS AND CONCURRENCY REPORT

CPA 2023-03 & Z 2023-03 Application for Amendment to the Town of White Springs Comprehensive Plan Future Land Use Map and Official Zoning Atlas of the Land Development Regulations

Prepared for:

BBL Management Services, Inc., Gregory G. Bailey, P.E., and Robert Phil Bishop, Jr., P.E.

Prepared by:

Brandon M. Stubbs, Senior Planner North Florida Professional Services, Inc.

R

PHONE (386) 752-4675 FAX (386) 752-4674

General Project Information

SUBJECT:	A request for a Small Scale Amendment to the Future Land Use Map ("FLUM") of the Comprehensive Plan from AGRICULTURE to COMMERCIAL and an amendment to the Official Zoning Atlas of the Land Development Regulations from AGRICULTURE ("AG") to COMMERCIAL, GENERAL ("CG") on an approximate 15.33-acre subject property.
APPLICANT/AGENT:	Brandon M. Stubbs, Senior Planner for North Florida Professional Services, Inc.
PROPERTY OWNER(S):	BBL Management Service, Inc.
LOCATION:	North of the White Springs Library, Osceola Street, and Stephen Foster Folk Culture State Park; South of U.S. Highway 41 and White Springs Hair Design; East of SE 164 th Street, Jackson Pond, and Stephen Foster Drive; West of U.S. Highway 41, White Springs City Hall, and Single- Family Residential Subdivisions; Suwannee County, Florida.
PARCEL ID NUMBER(S):	Tax Parcel Number 8031-000 and A Portion of Tax Parcel Numbers 8006-000 and 8009-000
ACREAGE:	±15.33-Acres
EXISTING FLUM	Agriculture
PROPOSED FLUM	Commercial
EXISTING ZONING	Agriculture ("Ag")
PROPOSED ZONING	Commercial, General ("CG")

PO BOX 3823 LAKE CITY, FL 32056

PHONE (386) 752-4675 FAX (386) 752-4674

www.nfps.net

SUMMARY

The proposal is for two separate; yet, companion amendments and applications. The first amendment proposes to amend ±15.33-acres of the Future Land Use Map of the Comprehensive Plan from Agriculture to Commercial. The second, companion amendment proposes to amend ± 15.33 -acres of the Official Zoning Atlas of the Land Development Regulations from Agriculture ("Ag") to Commercial, General ("CG"). The subject property is currently vacant.

Existing FLUM of Subject Property

The Agriculture FLUM Designation is described as follows in Policy I.1.2 of the Future Land Use Element of the Comprehensive Plan:

"Agriculturally classified lands are lands which are predominantly used for crop cultivation, livestock, specialty farms, silviculture and dwelling units. In addition, the processing, storage and sale of agricultural products and commodities which are not raised on the premises, riding or boarding stables, commercial kennels, veterinary clinics and animal shelters, group homes, child care centers, home occupations, private clubs and lodges, off-site signs, cemeteries and crematories, and other similar uses compatible with agricultural uses may be approved as special exceptions and be subject to an intensity of less than or equal to 1.0 floor area ratio.

Agricultural density shall be limited to less than or equal to 1.0 dwelling unit per acre."

Proposed FLUM of Subject Property

The Commercial FLUM Designation is described as follows in Policy I.1.2.5 of the Future Land Use Element of the Comprehensive Plan:

"Lands classified as commercial use consist of areas used for the sale, rental and distribution of products, or performance of services. In addition, off-site signs, churches and other houses of worship, private clubs and lodges, residential dwelling units, which existed within this category on the date of adoption of this Comprehensive Plan, and other similar uses compatible with commercial uses may be approved as special exceptions and be subject to an intensity of less than or equal to 1.0 floor area ratio.

Commercial uses shall be limited to an intensity of less than or equal to 1.0 floor area ratio."

SURROUNDING USES

The existing uses, Future Land Use Map ("FLUM") Designations, and zone districts of the surrounding area are identified in Table 1. Map 1 provides an overview of the vicinity of the subject property.

Direction	Existing Use(s)	FLUM Designation(s)	Zoning District(s)
North	U.S. Highway 41/White Springs Hair Design	Commercial	Commercial, General ("CG")
South	Osceola Street/White Springs Library/Stephen Foster Folk Culture State Park		Residential, Single Family-1 ("RSF-1")/Commercial, General ("CG")
East	U.S. Highway 41/White Springs City Hall/Single Family Residential	Commercial/Residential, Moderate Density	Commercial, Neighborhood ("CN")/Residential Single Family-2 ("RSF"-2)
West	SE 164 th Street/Jackson Pond/Stephen Foster Drive	Residential Low Density/Agriculture	Residential, Single Family-1 ("RSF-1")/Agriculture ("AG")

Table 1. Surrounding Land Uses

PHONE (386) 752-4675 FAX (386) 752-4674

www.nfps.net

CONSISTENCY WITH THE COMPREHENSIVE PLAN

If approved, the applicant proposes to apply for a zoning designation that is consistent with the proposed underlying Future Land Use Map ("FLUM") Designation. Below is a chart of the existing and proposed FLUM Designation and the proposed corresponding zoning designation consistent with said proposed FLUM Designation.

Table 2. Zoning Consistency with Underlying Future Land Use Map Designation

Existing FLUM Designation	Proposed FLUM Designation	Proposed Zoning Designation	Consistent
Agriculture	Commercial	Commercial, General ("CG")	\checkmark

The following Comprehensive Plan Elements have Goals, Objectives, and Policies (GOPs) that support the proposed Future Land Use Map Amendment to the Comprehensive Plan:

- Future Land Use Element
- **Transportation Element**
- Sanitary Sewer, Solid Waste, Drainage, Potable Water, & Natural Groundwater Aquifer Recharge Element
- **Capital Improvements Element**

An analysis of Section 16.2.2 of the Land Development Regulations along with a Comprehensive Plan Consistency Analysis have been submitted as an accessory document to this report. According to the analysis, this application is consistent with the Comprehensive Plan and the Goals, Objectives, and Policies (GOPs) therein.

ENVIRONMENTAL CONDITIONS ANALYSIS

Wetlands

According to Illustration A-VI of the Comprehensive Plan, entitled Wetlands, which is based upon the National Wetlands Inventory, dated 1987, and the National Wetlands Reconnaissance Survey, dated 1981, there are no wetlands located on the subject property.

Evaluation: Given the subject property contains no wetlands, there are no issues related to wetland protection.

Soil Survey

Each soil type found on the subject property is identified below. The hydrologic soil group is an indicator of potential soil limitations. The hydrologic soil group, as defined for each specific soil, refers to a group of soils which have been categorized according to their runoff-producing characteristics. These hydrologic groups are defined by the Soil Survey of Suwannee County, Florida, dated December 2006. The chief consideration with respect to runoff potential is the capacity of each soil to permit infiltration (the slope and kind of plant cover are not considered but are separate factors in predicting runoff). There are four hydrologic groups: A, B, C, and D. "Group A" soils have a higher infiltration rate when thoroughly wet and therefore have a lower runoff potential. "Group D" soils have very lower infiltration rates and therefore a higher runoff potential. There are three (3) soil type found on the subject property:

- 1) Albany Fine Sand Soils (0 to 5 percent slopes) are nearly level to gently sloping somewhat poorly drained soils of the coastal plain with sandy and loamy sand layer over sandy loam and sandy clay loam subsoils. Albany Fine Sand Soils (0 to 5 percent slopes) have slight limitations for building site development and slight limitations for septic tank absorption fields.
- 2) Mascotte Sand Soils are poorly draining, nearly level soils of the southern coastal plain and Atlantic coast flatwoods with fine sandy layers underlain by loamy materials. Mascotte Sand Soils have severe limitations for building site development and severe limitations for septic tank absorption fields.
- 3) Worthington Loamy Sands are somewhat poorly drained soils that occur on nearly level to moderately steep areas adjacent to drainageways and stream flood plains with loamy fine sand and fine sand over loamy fine sand, sandy clay loam, sandy clay, and clay subsoils. Worthington Loamy Sands have severe limitations for building site development and severe limitations for septic tank absorption fields.

PO BOX 3823 LAKE CITY, FL 32056

PHONE (386) 752-4675 FAX (386) 752-4674

www.nfps.net

Evaluation: The soil types found on the subject property are Albany Fine Sands, Mascotte Sands, and Worthington Loamy Sands. Albany Fine Sands make up a majority of the subject property and pose slight limitations for building development and slight limitations for septic tank absorption field. During the site and development plan process, the applicant will have to accommodate for soil types and stormwater. Further, any development shall be required to connect to the Community Potable Water System. At this time, there are no issues related to soil suitability.

Flood Potential

Panel 0359D of the Federal Emergency Management Agency (FEMA) Flood Insurance Rate Map (FIRM) Series, dated August 28, 2018, indicates that the subject property is in Flood Zone "A" (area inundated by the annual one-percent chance of flood) and Flood Zone "X" (areas determined to be outside of the 500-year floodplain).

Evaluation: The subject property has two small areas of ponding that are located within Flood Zone "A" and subject to the annual one percent chance of flood. These areas will remain undisturbed and preserved. Therefore, there is no concern of flooding on the subject property.

www.nfps.net

According to the Stream to Sink Watersheds, prepared by the Suwannee River Water Management District, the subject property is not located within a stream to sink area.

Evaluation: Sections 7.2.1 and 14.13.4 of the Town of White Springs LDRs regulates Stream to Sink watershed areas. At this time, there is no concern related to Stream to Sink Watersheds.

Minerals

According to Illustration A-VII of the Comprehensive Plan, entitled Minerals, which is based upon Natural Resources, prepared by the Florida Department of Environmental Protection, 2012, the subject property is within an area known to contain any minerals.

Evaluation: There are no issues related to minerals.

Historic Resources

According to Illustration A-II of the Comprehensive Plan, entitled Historic Resources, which is based upon the Florida Division of Historical Resources, Master Site File, dated 1998, there are no known historic resources located on the subject property.

Evaluation: There are no issues related to historic Resources.

Aquifer Vulnerability

According to the Prime Natural Groundwater Aquifer Recharge Areas Map 2019, prepared by the Suwannee River Water Management District, dated 2000, the subject property is not located in a high Groundwater Aquifer Recharge area.

Evaluation: Given the subject property is not located in a High Groundwater Aquifer Recharge Area, there is no issue related to aquifer vulnerability. During the engineering and site planning phase, special consideration will be given to the design of the site to accommodate any sensitivity to the aquifer vulnerability.

Vegetative Communities/Wildlife

The subject property is located within an area not known as a vegetative community.

Evaluation: There are no known wildlife habitats associated with a non-vegetative community; therefore, there is no issue related to vegetative communities or wildlife. However, the subject property should be subject to an environmental impact assessment at the time of development.

3 Florida Department of Transportation, District II, Annual Average Daily Traffic Report.

Evaluation: The impacts generated by the development will not adversely affect the Level of Service (LOS) of the roadway segment identified above; therefore, the demand generated by the development is acceptable.

Potable Water Impacts

The subject property is located within a community potable water system service area. The subject property will be served potable water via Town of White Springs Potable Water System. The Town of White Springs Potable Water System is anticipated to meet or exceed the adopted level of service standard for potable water established within the Comprehensive Plan. Note: Calculations are based upon Chapter 62-6.008,F.S.

The existing density allows for one (1) dwelling unit per five (5) acres. The subject property is 15.33 acres; therefore, the existing intensity would allow for a total of three (3) dwelling units. An average dwelling unit utilizes approximately 129 Gallons Per Capita Per Day. The average household in the Town of White Springs has approximately 2.20 Person Per Household according to the 2020 U.S. Census. (129 GPD x 2.20 PPH) x 3 = 851 Gallons Per Day

The proposed intensity allows for approximately 133,500 sq ft of commercial floor area. An average Shopping Center utilizes approximately 0.1 gallons per sq ft per daily. (133,500 sq ft x 0.1 GPD) = 13,350 Gallons Per Day

Net Increase: 13,350 GPD - 851 GPD = 12,499 GPD

Evaluation: The impacts generated by the development will not adversely affect the Level of Service (LOS) for potable water facilities; therefore, the demand generated by the development is acceptable.

Sanitary Sewer Impacts

The subject property is located within a community centralized sanitary sewer system service area. The subject property will be served sanitary sewer via Town of White Springs Sanitary Sewer System. The Town of White Springs Sanitary Sewer System is anticipated to meet or exceed the adopted level of service standard for sanitary sewer established within the Comprehensive Plan. Note: Calculations are based upon Chapter 62-6.008,F.S.

The existing density allows for one (1) dwelling unit per five (5) acres. The subject property is 15.33 acres; therefore, the existing intensity would allow for a total of three (3) dwelling units. An average dwelling unit utilizes approximately 129 Gallons Per Capita Per Day. The average household in the Town of White Springs has approximately 2.20 Person Per Household according to the 2020 U.S. Census. (129 GPD x 2.20 PPH) x 3 = 851 Gallons Per Day

LAKE CITY, FL 32056

PHONE (386) 752-4675 FAX (386) 752-4674

www.nfps.net

The proposed intensity allows for approximately 133,500 sq ft of commercial floor area. An average Shopping Center utilizes approximately 0.1 gallons per sq ft per daily. (133,500 sq ft x 0.1 GPD) =13,350 Gallons Per Day

Net Increase: 13,350 GPD – 851 GPD = 12,499 GPD

Evaluation: The impacts generated by the development will not adversely affect the Level of Service (LOS) for sanitary sewer facilities; therefore, the demand generated by the development is acceptable.

Solid Waste Impacts

Solid waste facilities for uses to be located on the site are provided at the sanitary landfill. The level of service standard established within the Comprehensive Plan for the provision of solid waste disposal is currently being met or exceeded.

The existing density allows for one (1) dwelling unit per five (5) acres. The subject property is 15.33 acres; therefore, the existing density would allow for a total of three (3) dwelling units. An average dwelling unit utilizes approximately 0.85 tons (1,700 lbs) per year per person. The average household in the Town of White Springs has approximately 2.20 Person Per Household according to the 2020 U.S. Census. [(1,700 Lbs Per Year Per Person x 2.20 PPH) x 3] / 365 = 30.74 pounds of solid waste generated per day.

The proposed intensity allows for 133,500 sq ft of Shopping Center floor area. An average shopping center utilizes approximately 2.5lb of solid waste per 100 sq ft of floor area per day. 2.5lbs x 1335.00 = 3,337.5 pounds of solid waste generated per day.

Net Increase: 3,337.5 lbs per day – 30.74 lbs per day = 3,306.76 lbs per day

Evaluation: The impacts generated by the development will not adversely affect the Level of Service (LOS) of solid waste facilities; therefore, the demand generated by the development is acceptable.

Recreation Facilities

The proposed development is commercial in nature. Commercial land uses do no generate the need for additional recreational facilities; therefore, the proposed amendment is not anticipated to generate any negative impacts to recreation facilities. The development will have no negative impact to the Level of Service (LOS) of recreation facilities.

Public School Facilities

The proposed development is commercial in nature. Commercial land uses do not generate the need for additional public school facilities; therefore, there will be no negative impacts to the Level of Service (LOS) of public school facilities.

Analysis of Section 16.2.2 of the Land Development Regulations

1. Whether the proposed change would be in conformance with the Town's Comprehensive Plan and would have an adverse effect on the Town's Comprehensive Plan.

Applicant's Response: The subject property is surrounded by urban uses, including Residential, Medium Density land use to the east, Commercial land use to the north, Residential, Low Density and Commercial land uses to the south, and Residential, Low Density and Recreation to the west. The proposed land uses of Residential, Medium Density; Residential, High Density; and, Commercial are all comparable and compatible with the existing surrounding land use. Further, the proposed land uses will bridge the gap between those existing urban land uses and the existing Agriculture land use of the subject property. Currently, the existing land use of the subject property is incompatible with the surrounding urban land uses. Therefore, the proposed amendment to the Future Land Use Map of the Comprehensive Plan is not only more compatible than the existing land use, but it's also more logical and provides a better functional mix of uses.

Below is a list of Goals, Objectives, and Policies the proposed amendment is consistent with:

- OBJECTIVE I.1 The Town shall upon adoption of this Objective, make available or schedule for availability the public facilities for future growth and urban development as development occurs in order to provide for urban densities and intensities within the Town.
- Policy I.1.1 The Town's land development regulations shall limit the location of higher density residential, high intensity commercial and heavy industrial uses to areas adjacent to arterial or collector roads where public facilities are available to support such higher density or intensity.
- Policy I.1.2 Residential use classifications provide locations for dwelling units at low, moderate, medium, and high density within the Town as defined within this Comprehensive Plan. In addition, churches and other houses of worship, golf courses, country clubs, racquet and tennis clubs, cemeteries and mausoleums, private clubs and lodges, home occupations, childcare centers, group homes, commercial greenhouses and plant nurseries, and other similar uses compatible with residential uses may be approved as special exceptions and be subject to an intensity of less than or equal to 1.0 floor area ratio.

Where a lot, parcel or development is located within more than one residential density category the permitted density shall be calculated separately for each portion of land within the separate density categories.

Residential low density shall be limited to a density of less than or equal to 2.0 dwelling units per acre.

Residential moderate density shall be limited to a density of less than or equal to 4.0 dwelling units per acre.

Residential medium density shall be limited to a density of less than or equal to 8.0 dwelling units per acre.

Residential high density shall be limited to a density of less than or equal to 20.0 dwelling units per acre.

Lands classified as commercial use consist of areas used for the sale, rental and distribution of products, or performance of services. In addition, off-site signs, churches and other houses of worship, private clubs and lodges, residential dwelling units, which existed within this category on the date of adoption of this Comprehensive Plan, and other similar uses compatible with commercial uses may be approved as special exceptions and be subject to an intensity of less than or equal to 1.0 floor area ratio.

Commercial uses shall be limited to an intensity of less than or equal to 1.0 floor area ratio.

- Policy I.1.3 The Town's future land use map shall allocate amounts and types of land uses for residential, commercial, industrial, public, and recreation to meet the needs of the existing and projected future populations and to locate urban land uses in a manner where public facilities may be provided to serve such urban land uses. (Urban land uses shall be herein defined as residential, commercial, and industrial land use categories).
- 2. The existing land use pattern.

Applicant's Response: As previously mentioned, the subject property is juxtaposed to existing lands uses and right-of-way corridor that are consistent and compatible with the proposed land use. The mix of commercial, high density residential, and medium residential density provides for a functional mix of land use and complementary uses while encouraging walkability, functionality, and cohesiveness.

3. Possible creation of an isolated district unrelated to adjacent and nearby districts.

Applicant's Response: The proposed land uses are Residential, High Density; Residential, Medium Density; and, Commercial. These land uses are consistent with the surrounding Commercial; Residential, Moderate Density; and, Residential, Low Density land uses. If fact, the proposed amendment does not create an isolated, unrelated land use district; rather, compliments and removes an isolated pocket of Agricultural land use that is inconsistent with the adjacent and surrounding uses.

4. Whether The population density pattern and possible increase or overtaxing of the load on public facilities such as schools, utilities, streets, etc.

Applicant's Response: The proposed amendment would reduce the tax load on the public by clustering density and intensity in a single cohesive area designed to support such uses.

5. Whether existing district boundaries are illogically drawn in relation to existing conditions on the property proposed for change.

Applicant's Response: The existing land use designation is Agriculture. The Agriculture land use is actually illogically drawn in relation to existing conditions and adjacent land uses. The proposed amendment will provide a more logically drawn urban district boundary and fill in the gaps between existing urban uses. Therefore, the existing land use district boundaries are illogically drawn, and the proposed amendment will remedy the illogically drawn district boundaries.

6. Whether changed or changing conditions make the passage of the proposed amendment necessary.

Applicant's Response: The proposed amendment fills in the gap between existing urban land uses. Urban infill is always desired instead of urban sprawl. Further, urban infill will always be the first to develop when available. North Florida over the last several years has experienced an unusual level of growth. White Springs is no different. As the area grows, the demand for additional residential and commercial uses is necessary and warranted. The proposed amendment provides for the best planning solution to additional growth by placing the growth within a urban infill area and where existing utilities are provided to serve the proposed development.

7. Whether the proposed change will adversely influence living conditions in the neighborhood.

Applicant's Response: The proposed land uses and zonings designation are complimentary to the existing land uses and zoning designations. The proposed amendment is infill development which is always desirable. Further, the proposed amendment will help existing property values and positively influence the living conditions in the surrounding neighborhoods and properties. Anytime infill development takes place, it brings up the value of the surrounding neighborhoods and increases the living conditions for individuals within the surrounding neighborhoods.

8. Whether the proposed change will create or excessively increase traffic congestion or otherwise affect public safety.

Applicant's Response: The subject property is located along U.S. Highway 41, an arterial highway corridor. Urban land uses should be located adjacent to major roadway systems. Further, U.S. Highway 41 has ample capacity to support the proposed development. Therefore, the proposed development will not create or excessively increase traffic congestion or otherwise affect public safety.

9. Whether the proposed change will create a drainage problem.

Applicant's Response: The subject property is currently vacant. During the design and construction phase, the subject property will be development in accordance with the Suwannee River Water Management District Stormwater Management Standards; therefore, the proposed amendment will not create a drainage problem.

10. Whether the proposed change will seriously reduce light and air to adjacent areas.

Applicant's Response: The proposed amendment will have no adverse effect on light and air to the adjacent areas.

11. Whether the proposed change will adversely affect property values in the adjacent area.

Applicant's Response: As previously mentioned, the subject property is infill development. The nature of infill development creates better communities and helps revitalize existing developments; thus, increasing property values in the area where the redevelopment and infill takes place. Therefore, the proposed amendment will not adversely affect property values in the adjacent area.

12. Whether the proposed change will be a deterrent to the improvement or development of adjacent property in accord with existing regulations.

Applicant's Response: The proposed amendment will encourage improvement and development of adjacent properties in accordance with existing regulations. The subject property is an infill area. By developing infill, it will cause adjacent and nearby areas to improve and develop new developments that meet the Land Development Regulations; thus, remove old nonconforming structures and uses.

13. Whether the proposed change will constitute a grant of special privilege to an individual owner as contrasted with the public welfare.

Applicant's Response: The proposed amendment does not grant any special privileges to the owner as contrasted with the public welfare.

14. Whether there are substantial reasons why the property cannot be used in accord with existing zoning.

Applicant's Response: The existing zoning of the subject property is not compatible with the land uses and existing uses of adjacent properties. The existing land use is agriculture, and the surrounding zonings consist of Commercial, Moderate Density Residential, and Low Density Residential. The proposed amendment will place land use and zoning designations that are compatible with the surrounding land uses and zonings. Further, the subject property is infill development. Infill development should be where more intense land uses are permitted to keep the proliferation of urban sprawl.

15. Whether the change suggested is out of scale with the needs of the neighborhood or the Town.

Applicant's Response: The proposed amendments are not out of the scale of the needs of the immediate neighborhood, adjacent area, or Town as a whole. Rather, the proposed amendments are exactly what is needed within the immediate neighborhood, adjacent area, and the Town. The proposed development will provide much-needed housing for those who otherwise would not be able to afford the everincreasing prices of single-family dwellings.

16. Whether it is impossible to find other adequate sites in the Town for the proposed use in districts already permitting such use.

Applicant's Response: The current market availability demands the development of multiple family dwellings and providing work-force housing. The proposed amendments area is designed to fill the gap between what is currently available in the existing and future market. Further, the proposed amendment is considered infill development should be encouraged as it locates land uses and development in areas designated for such uses and where existing infrastructure exists to support said development.
